Do you own 5, 10, 20 or even more domain names? Do you know if they are getting type-in or web traffic? Do you need a way to find out? **[Join DNStatistics.com!](#)**

DNStatistics.com is a free counter service that will track all of your domain names for you! All you have to do is [take a few seconds to join](#), add our special code to your website, and our system will begin tracking your domain name(s) for you immediately!

In the world of domain name buying and selling, accurate statistics play a vital part when choosing to buy or sell a domain name. The more popular a domain name is, the more money you can sell it for. Serious buyers always ask for stats on a domain name they may buy. It shows them that they are buying a name that has a value to others. As a seller, you can negotiate a higher price for a domain name if the domain name has a high popularity. How do you prove how much traffic your domain name gets?
